

BLUE STORES

WE SPECIALIZE IN ADLER'S COLLEGIAN CLOTHES

It is possible that you can get a suit or an overcoat made with just as good cloth as is used for COLLEGIAN FASHIONS, and maybe that garment will wear just as long; we know, however, that you can't possibly procure clothes with any other label, which possess the SAME AMOUNT OF STYLE and CHARACTER. The good dresser is the man who wants more than a suit which will last a long time, HE DEMANDS QUALITY, but he is critical about the styles.

We want to show you the new fashions in Adler's Collegian Clothes and you will see a combination OF BOTH of these important factors, which you will certainly appreciate. The Spring styles are SPLENDID EXAMPLES of good tailoring.

ACCIDENT AT WEST PARIS.
Daniel Smith of St. John N. H. was struck by a Grand Trunk train near this station about 4 o'clock Saturday evening, receiving injuries from which he died later in the day. Just how he came to be struck by the train is not known as he was not seen until after the accident. One limb was entirely cut from the body. He was brought to this station on the train and a physician called who did all that was possible until the arrival of the early morning passenger train when he was sent to the Maine General Hospital in Portland. It is reported that Mr. Smith had worked at Bethel during the winter and that he was 34 years of age.

Don't fail to see the opera Thursday and Friday nights we think you will be surprised at the result of a little hard practice by our young singers.

The Chorus will be assisted by Mr. Milan Chapin whose fine voice makes him a welcome addition to musical ranks in Bethel.

Mrs. Dora Ames of Bangor, is visiting relatives in this place.

Lion Fondles A Child.
In Pittsburgh a savage lion fondled the head of a child thrust into his cage. Danger to the child was sometimes great when least regarded. Often it comes through Golden Group, and Whopping Cough. They slay thousands that Dr. King's New Discovery could have saved. "A few doses cured our baby of a very bad case of Croup," writes Mrs. George B. Davis, of Flat Rock, N. C. "We always give it to him when he takes cold. It's a wonderful medicine for babies." Deal for Coughs, Colds, Whooping Cough, Asthma, Hemorrhages, Weak Lungs, etc. \$1.00. Trial bottle free. Guaranteed by Chas. Fernald of Bangor Falls, Nathan Reynolds of Canton, H. J. Reynolds of Biddeford, J. A. Gardiner of Dixfield.

BASE BALL.

Buckfield H. S., 11; Rumford H. S., 10.

Rumford High School base ball team played their first regular game of the season Saturday forenoon on Gibson's lots. Their opponents were the High School boys from Buckfield and they proved just strong enough to win out from the home team. The game was rather loosely played but the score ran along very evenly and made it an interesting contest.

Keene, the visiting pitcher, made a record of 10 strike outs during the game, but his good work in this department was nearly off set by his wildness as he passed seven men to first and hit 2 others. Clunie pitched a steady game for Rumford and was batted freely in only one inning. Occasional light showers which came during the game made the ball rather hard for the players to handle.

The Rumford boys were generous to the visitors and allowed them to go into the field first, which is contrary to the usual custom. Rumford scored one run after two men were out in the first inning. Hanley beat out an infield hit by a narrow margin and scored when Poulin followed with a hit good for two bases. One of the Buckfield players concealed the ball and was caught by the old time trick. Buckfield got the run back in their half. Cole hit safely and stole second. Dyer dropped Palmer's fly and Cole took third. Sturtevant was out on a fly to McCray. Keene laid down a bunt which Poulin fielded in good shape but Morten dropped the throw and Cole scored. Roach made a spectacular one hand catch of Allen's fly and doubled up Keene at first.

Neither team was dangerous in the second but Rumford scored in the first half of the third on Burgess' double. Hanley's hit and Emory's error. Rumford was in the air in the last half of the third and Buckfield put over five runs on four singles, a double and three errors. There was nothing doing in the fourth but the fun commenced in the fifth. Keene had been hitting finely but at this point he lost his control. He hit the first batter, the next one hit safely and then the next three were passed in succession, forcing in two runs. Danton hit for two bases and two more runs came in. Clunie's hit brought in two more runs, making six for the inning and giving Rumford the lead once more. Buckfield came right back in their half of the inning and scored three runs on three hits, two bases on balls and two errors in judgement, two of the Rumford infielders trying to get men at the plate when they had no chance and could have gotten their man at first, easily.

Pine base running by Danton gave Rumford the run necessary to tie the score in the seventh. He was hit by a pitched ball and stole second and third, scoring when Roach was thrown out at first. In the sixth, seventh and eighth innings Rumford shut Buckfield out in order. In the ninth, Rumford scored one run on Poulin's second two base hit and a fielder's choice. Buckfield won out easily in their half. Sturtevant and Keene hit safely. Allen bunted and Clunie tried to get Sturtevant at third but was too late. Burgess in returning the ball to the pitcher, threw it over his head into the spectators and two runs, all that were necessary to win came in on this bad throw. There were no outs at the time. The score.

"WHAT OF THAT?"

Fired! Well, what of that? Didst fancy life was spent on beds of ease, Flitting the rose leaves scattered by the breeze? Come, rouse thee! Work while it is called today! Coward, arise! Go forth upon thy way!

Lonely! And what of that? Some must be lonely! 'Tis not given to all To feel a heart responsive rise and fall, To blend another life into its own. Work may be done in loneliness, Work on.

Dark! Well, what of that? Didst fondly dream the sun would never set? Dost fear to lose thy way? Take courage yet! Learn thou to walk by faith and not by sight, Thy steps will guided be, and guided right.

Hard! And what of that? Didst fancy life one summer holiday? With lessons none to learn, and naught but play? Go, get thee thy task! Conquer or die! It must be learned! Learn it then patiently.

No help! Nay say not so! Though human help be far, thy God is nigh, Who feeds the ravens, hears His children cry, He's near thee, where'er thy footsteps roam, And He will guide thee, light thee, help thee home.

Mr. and Mrs. Curatio Parker were the guests of Mr. and Mrs. Sumner Davis at Hanover.

School began here on April 26 with Miss Godwin of Andover, as teacher. Andrus Bartlett is boarding at A. F. Brook's and attending school.

The drive on the Cambridge River progresses slowly and at this writing, the rear is just above Poplar Dam.

Mr. and Mrs. Gilbert Tyler were the guests of Mr. and Mrs. James Howard of Bethel, also Mr. and Mrs. David Fleet on Sunday River.

Mr. and Mrs. Morton were the guests of relatives in town last week. Edgar Waymouth is working for Fred Tyler.

The scholars below Grafton Notch are attending school in Newry. Russel Thompson is conveying the scholars.

THE MOTHER'S PROBLEM

Of Making Strong, Healthy Girls.
A serious problem which presents itself to every mother with girls to raise, in these days. The exigencies of school life, the hurry and routine of every-day duties, the artificial environment of modern civilization, make it more difficult to raise strong, healthy girls than ever in the history of the world.

Boys raise themselves. Give them room, give them liberty, and they will grow up healthy at least, without much worrying. But the girls present a serious problem.

How many mothers there are who are worrying about their daughters. Nervous, puny girls, with poor, capricious appetites, bloodless, a constant anxiety to the mother. How shall she solve her problem? To whom shall she turn for help? Each case is more or less a study by itself, and cannot be solved by any general rule.

This is the way one mother solved the problem. Mrs. Schopfer, 3220 Prescott Ave., St. Louis, Mo., in a letter to Dr. Hartman, says: "My daughter Alice, four years of age, was a puny, sickly, alling child since she was born. I was always doctoring her. When we commenced to use Peruna she grew strong and well."

Another mother, Mrs. Martha Moss, R. F. D. 5, Chippewa Falls, Wisconsin, says: "Our little eight-year-old girl had a bad cough, and was in a general run-down condition." She had several doctors, who could give the child no relief, and the mother no encouragement.

"Finally, she got a bottle of Peruna, and commenced giving it to the child, and it proved to be just what she needed. When she commenced taking Peruna the child had to be carried. Now the mother says she is playing around all the time."

Her closing words were: "You have done a great deal for her. She is the only girl we have, and it meant lots to us to have her cured."

These are samples of many letters which Dr. Hartman is receiving, coming straight from the hearts of loving mothers. While the different schools of medicine are bickering and differing as to theories—and remedies, Peruna goes right steadily on giving permanent relief. After all, it is cures that the people want. Theories are of little account.
